Selectmen's Meeting

JULY 31, 1984 - by VIRGINIA ARRAL

FIRE DEPT.'S LOSS-POLICE DEPT'S GAIN

Mary Jane Rimmer-Doherty, a six-year veteran of the Mattapoisett Fire Department, has been accepted as a part-time, temporary police officer. She was granted a leave of absence from the fire department which took effect on July 30.

Meeting with Selectmen last Tuesday, Mary Jane and Fire Chief Donald Wood explained the changeover which was requested by Mary Jane. Because of a 20-year old town by-law, a person cannot serve on both the fire and police departments at the same time. Chief Wood said, "In case of a disaster, the question would arise which department will the person be obligated to serve."

Chief Wood said, "if that's what she wants to do I'm in favor of it, but I recommend a six months appointment to leave the door open if she wants to return." This the Selectmen agreed to. Her appointment was also recommended by Police Chief James Moran.

Selectmen Chairman John N. DeCosta complimented Ms. Doherty on her work as First Responder Course trainer. DeCosta noted she will remain as a member of the Rescue Squad and the ambulance team. "Because of her expertise as a registered nurse, registered EMT and trainer, she is an intricate asset to the Rescue Squad," DeCosta added.

On other matters with Ms. Doherty, she reported that Paul M. Kelley, Jr., fire alarm superintendent, has inadvertently not qualified for the First Responder Course. She explained that Kelley took his training with the Bourne Fire Department and that he felt his training was adequate. She said the training was not sufficient according to state standards. Ms. Doherty said she was notified July 26 of Kelley's lack of qualification.

Selectman James F. Huntoon asked Ms. Doherty wouldn't the state reconsider Kelley's qualification because of years of service. She replied, "no".

Chief Wood said, "Kelley needs a fair shake -- he thought he had the proper training. We will have to find a qualified place that will give Kelley training to be certified."

Without Ms. Doherty to teach the First Responder Course Huntoon asked Chief Wood what he will do. The Chief said there will be no problem with the CPR Course and the next First Responder Course will not be given for 2½ years.

Ms. Doherty explained the recently appointed Junior Trainees will not have to pass

the First Responder Course unless they are re-appointed next year and given the equivalent status of other firemen.

Selectmen gave Chief Wood approval for William Nicholson to be named Captain on Engine I. Although Ray Bradley is next in line, he does not want the position, Wood said.

On a similar subject, Selectmen appointed Paul Silveira, Brandt Island Road, as a part-time police officer, at the recommendation of Chief Moran. Silveira, a security officer at Otis Air Force Base, has served the town as shellfish officer and as a dog officer.

In other business Selectmen:

AGREED to participate in the August 11th benefit softball game between the Mattapoisett Police Department and the Mattapoisett 3 softball team of the Capeway Softball League. Game time is 5:30 p.m. at Center School. Rain date is August 18th.

DeCosta, Huntoon and Frank Suzan will serve as first, second and third base umpires for nine innings. They will be assisted by an ASA sanctioned umpire.

Proceeds of the softball game will benefit the Halloween Parade that the Mattapoisett Police Department sponsors each year. Mattapoisett 3 will donate a minimum of $25., plus $5. for every run scored by the Mattapoisett Police Department.

Supervising the game are Bruce Mathieson, Captain of Mattapoisett 3, and Kenny Pacheco, Captain of the Mattapoisett Police Department team.

DISCUSSED abatements of past due bills on the use of the town ambulance from as far back as 1982. As recommended by Selectmen's Secretary Elaine Sylvia, the board abated some bills considered hardship cases. A third notice will be sent to those considered able

conducted by the District Attorney's Office.

O'Malley's training program was conducted in conjunction with Edmands and Hier, a firm specializing in police education.

Over forty area police prosecutors participated in the seminar. The program involved video tape presentations and live lectures on such topics as arrest, search warrants, indictments, and evidence. The lectures were given by Assistant District Attorney Bruce Edmans and many others from O'Malley's staff.

O'Malley complimented the police prosecutors for their commitment to improving their skills as prosecutors, saying to them in remarks befor the presentations, "as a young Assistant District Attorney, I learned more about prosecution from police prosecutors than I had in law school. It means a lot to me to be able to return the favor by helping police prosecutors continue their professional education in return."

The District Attorney also had high praise for Bruce Edmans for conducting the five month program. O'Malley plans to conduct similar programs in the future.

Ashumet Lotus Festival

Massachusetts Audubon's Ashumet Holly Reservation in East Falmouth will hold its annual "Oriental Lotus Festival" on Saturday, August 18th (rain date, August 19th) from 10 a.m. to 3 p.m. This year's festivities will include guided walks and slide programs to view the spectacular oriental lotus flowers. Afternoon activities include Japanese and Chinese flower arranging, Haiku poetry readings and a performance of traditional Chinese dances by the East West Dance Company, led by Ferdina Chan.

The festival coincides with the peak blooming time of Ashumet's oriental lotus flowers which cover a two acre pond at the sanctuary. The oriental lotus has enormous pink blossoms and leaves which rise three feet above the water.

The Oriental Lotus Festival is sponsored by the Friends of Ashumet and proceeds are used to help maintain the sanctuary. Admission is $3.00 for Massachusetts Audubon members, $4.00 for non-members, and 75 cents for children 11 and under. Refreshments will be available and a gift shop, featuring herbal craft items, will be open throughout the day. Ashumet Holly Reservation is located off Route 151 and Currier Road in East Falmouth. For more information please call Ashumet at 563-6390.

5th Marion-Bermuda Race

The fifth Marion to Bermuda race for cruising yachts will start on Friday, June 21, 1985; prizes will be awarded in Bermuda on Saturday, June 29, 1985.

For the 1985 race the organizers will use USYRU's Measurement Handicap System (MHS). MHS was first used in the 1983 race (replacing the New England Rule), and was enthusiastically received by both the race organizers and participants.

This event was first run in 1977 and has since been run in odd numbered years. It is organized by the Marion-Bermuda Cruising Yacht Racing Association, Inc., and spon-

sored by three clubs: the Beverly Yacht Club of Marion; the Blue Water Sailing Club; and the Royal Hamilton Amateur Dinghy Club. Approximately 150 cruising yachts participate.

To assist participants in preparation for this event, the organizers will again be offering symposia entitled "Preparing for an Offshore Passage to Bermuda" in late March 1985. These programs, offered in both Boston and New York, attracted about 500 participants when they were last given. Experts in various aspects of offshore sailing, including medicine, navigation, sails and safety have been gathered to brief participants on suitable preparations for this type of event. Specific dates and locations will be announced later. These seminars are open (for a nominal fee) to anyone who is interested.

This event provides an opportunity to participate in a race for cruising yachts and rendezvous in Bermuda. It aims to encourage the development of blue water cruising capability with seaworthy sailing boats able to be handled safely offshore with limited crew. Only amateurs may participate.

One of the unusual attributes of this race is the extensive prize structure. In 1983 a total of 73 prizes were awarded. In addition to first-to-finish, first on corrected time and class prizes (first through fourth), awards are made to yachts with fami-

ly crews and short-handed crews; also to yachts from Bermuda, Chesapeake Bay, New England, Buzzards Bay, the Beverly Yacht Club and the Blue Water Sailing Club. When at least three yachts of the same design are entered, a "mini-class" is created, with a prize.

In 1983 the Royal Hamilton Amateur Dinghy Club donated a special trophy to commemorate their centennial. This prestigious award is given to teams of three yachts from a yacht club or other sailing organization based on total corrected time. In 1983 the Boston Yacht Club of Marblehead won this trophy.

Many of the perpetual trophies were designed especially for this event and handcrafted in Bermuda using local artisans and local materials.

Here at Tobey, Mr. Ernest Howes of West Wareham was the first patient to undergo hip surgery in which the cementless implant was used. The procedure was performed recently by orthopedic surgeons Dr. Charles Parsons, Dr. Gregory Johnson, and Dr. Stephen Heacox. On the eighth day following the surgery, Mr. Howes had this to say: "After years of treating the symptons of pain and inflammation in my hip, it's a relief to have treated and hopefully cured the problem. I feel no pain and am able to walk without the use of crutches once again. While at Tobey, I'm receiving physical therapy and feel as though my hip is as good as new."

The porous-surfaced AML (Anatomical Medullary Locking) prosthesis chosen for use at Tobey is the only one of its kind that is FDA approved for biological fixation (cementless). Dr. Parsons explains, "In cases where replacement of the hip joint is necessary, this new alternative to conventional methods using methacrylate (plastic cement) permits ingrowth of the patient's own bone

to lock the artificial joint in place."

During the last ten years numerous systems for biological fixation have been studied, each endeavoring to overcome the problems incurred with cemented prostheses such as loosening of the implant, subsequent pain, and often requiring further surgery. The porous surface enhances the fixation of the implant with time (rahter than deteriorating and loosening with time as sometimes is seen with cement fixation).

While patients with healthy bone structure are ideal candidates for the newer cementless prosthesis, orthopedic surgeons at Tobey will continue to perform the traditional procedure utilizing cement when indicated. Dr. Parsons states he is "optimistic" about the benefits to our patients over the long term.

FILM ON OSPREY TO BE SHOWN

The Lloyd Center for Environmental Studies proudly announces the late-summer debut of a recently-completed film entitled "The Return of the Osprey", to be shown Thursday, August 30th, from 7:30 p.m. at the Old Town Hall, Russells Mills Road, South Dartmouth.

Produced by Michael Male and Judy Fieth, the film documents the recovery of Osprey populations in the coastal northeast. Alan Poole, who has studied these birds in the region for some years, served as scientific consultant for the film. According to Poole, "The movie is really the story of people and Ospreys interacting in our coastal region during the past 3 decades." The natural history of Ospreys is well covered, including information on nesting and fishing, as is

LECTURE ON HARBOR SEALS

The Lloyd Center for Environmental Studies announces an information lecture on "The Distribution and Abundance of Harbor Seals in Massachusetts and New Hampshire", to be held Thursday, August 16th, 7:30 p.m. at the Old Town Hall, Russells Mills Road, South Dartmouth.

Staff Biologist at Manomet Bird Observatory Michael Payne has been studying marine mammals in New England for some years and will be the evening's speaker. In addition to detailing the field study methods of this project, he will discuss the natural history and population estimates of Harbor Seals. Of particular interest to resource managers, fishermen, and others involved in the coastal zone is the study's data regarding the seals' food habits. One of the major questions addressed by the study is whether the seals compete significantly with other harvesters of coastal resources. Mr. Payne's talk will be accompanied by slides.

For information about this lecture and all other Lloyd Center programs please call the Center at 990-0505.

WALK TO SALT MARSH

The Lloyd Center for Environmental Studies, 430 Potomska Road, South Dartmouth, is offering a guided walk to a nearby salt marsh on Sunday, August 19th, at 1:30 p.m. All interested participants should meet at the Lloyd Center. There is no fee. For more information and to register call 990-0505.

Late summer is a good time to investigate the salt marsh environment. Animal activity is at a peak, and many of the marsh's unique plants are flowering. Coastal residents are becoming increasingly aware of the great value of salt marshes for fish, flood control, bird life and overall coastal productivity. Join us for this walk to discover first-hand some of the fascinating salt marsh creatures and their adaptations to this special habitat.

Marie Rhines created "Folk Heritage" for NPR radio. She co-hosted the show for one year with Pleasants. A fine violinist, she won the coveted $5,000 Award as a Massachusetts Artist Fellow from the Massachusetts Council on the Arts and Humanities for Composing. For a performing violinist to achieve such prestigious recognition as a composer is rare.

Rhines' odyssey with the violin is unprecedented. For ten years she traveled from Appalachia to the mountains of Scotland and the Shetland Islands seeking the roots of American fiddle music. Simultaneously performing in serious violin concerts and fiddle festivals along the way, Rhines has succeeded in creating an entirely original repertoire for the solo violin.

The Narrow Land String Band has been captivating audiences since the Spring of 1982. Their unusual blend of songs and fiddle tunes, highlighted by unique arrangements, smooth harmonies and fine instrumental work have brought them a wide audience that cuts across the usual barriers of age and musical preference. The members of the band are: Rick Arnoldi, on lead guitar and vocals; he has played with such modern legends as the Ink Spots, the Drifters and Gene Pitney; Denya LeVine, on fiddle and vocals; she has spent much of the 1970's traveling, and she has lived in Afghanistan, India, Belgium, and England. While in Cambridge, she studied with Irish fiddler Seamus Connolly. Stephen Russell, on guitar, mandolin, accordion and vocals, has played with the Geneseo String Band and appears on their first album for

Joe Val and The New England Bluegrass Boys are a popular favorite at Heritage Plantation. Val has long been recognized as one of bluegrass music's greatest high tenor singers. Since 1969 he has led the band and recorded six highly acclaimed albums on Rounder Records. During the last few years, the Bluegrass Boys has expanded its reputation by performing in twenty-two states and eight foreign countries. In addition, the band has appeared on National Public Radio's "A Prairie Home Companion", and made TV appearances in Boston, New York and St. Paul.

A new addition to the band, Joey Deetz, joined Val, Eric Levenson, and Dave Haney in January of this year. Originally from Plymouth, he grew up listening to Joe Val's music, and has developed a vocal and instrumental style perfectly suited to this band. Deetz, among other credits, has worked on a soundtrack for TV's "Sesame Street".

This performance of Joe Val and The New England Bluegrass Boys has been funded in part by the Massachusetts Council on the Arts and Humanities, through the New England Foundation for the Arts and the National Endowment for the Arts.

Membership as well as admission tickets to the Museum, for the day, will be honored for this concert and will include admission to all the Museum buildings, exhibitions and grounds. Tickets are $5. for adults, children under 12, $2.; five and under and members, free.

The Museum encourages families to enjoy a picnic before the performance in the picnic area outside the main gate. Picnicking is not allowed on the Museum grounds or in the concert area. Gateway Players

MATTAPOISETT MAN'S "A FIFTH OF JULY"
HELPS MAKE GATEWAY GO IN THEATER TRADITION

a profile by GEORGE W. HAYDEN

Wareham: Over the years as one reviewer has tagged me with the title of impressario at Gateway Players there have been many theatrical and ideological conflicts; differences in tastes, methods, education and philosophy often lead to premature exits. Two years ago on a wintry night an eager young man auditioned for a role, the ingenue male lead in Moliere's THE SCHOOL FOR WIVES. At first, since he didn't seem the cutesy, American pretty boy -- or should my focus have been on French - I hesitated in casting, then decided the role was for David Boyce.

Today, recalling his achievements and dedication to seeing that our area has an ongoing regional theater which is able to continually present high calibre and different entertainment through the recreation of literature, I'm pleased that David B. Boyce was picked for the part. Now, he too uses his middle initial. Not only did he co-star opposite Santiago Gonzalez and Susan Shaw in the classic Richard Wilbur translation of Moliere, but also in pastel, candy-cake fashion designed a glorious garden set which won him a 1983 A.R.T.A. award; and Mr. Boyce has gone on to design professional appearing sets for GIN GAME, MATCHMAKER, FATHER'S DAY, FALLEN ANGELS, A STREETCAR NAMED DESIRE, LONG DAY'S JOURNEY INTO NIGHT and GATEWAY PLAYER'S current production of Lanford Wilson's current controversial comedy FIFTH OF JULY

in which he stars, designs, and directs.

I would feel threatened with this quadruple talented (Mr. Boyce is also drama and film critic for The New Bedford Standard-Times) man in a playhouse that has had a number of wars and many skirmishes. Nevertheless, David B. Boyce is a Renaissance man. Indeed he argues for what he feels theater arts in our area needs, but he tempers intelligence, manners and mucho talent, and harmonizes himself and casts and crews with whom he works.

Currently FIFTH OF JULY is a bold and necessary statement for our town and region. The sixties themes of drugs and gay and women's liberation are acting their way out on our main streets and if we psychoanalyze our behavioural patterns and thoughts, are present in our own homes. Years after the military conflict not everyone has easily come out of the closet as total human beings, but with upcoming elections and midwinter woodland scandals, we are very much aware of changes from the good old days.

Kids stand on Main Street selling and puffing dope, and the world goes on. Lanford Wilson's comedy civilizes what might otherwise seem startling to only the most parochial. David B. Boyce has exhibited courage in bringing this contemporary vision to regional theater. The result is a sensitive, visually appealing and artfully acted ensemble (Kathy Marinelli, Georgina Lips, Jim Anderson, Tom Grenon, Kay Carter and Debra Blaha, and Santiago Gonzalez) production which in a very competitive season -- so planned - at Gateway Playhouse not only holds its own, but offers new insights.

Initially I did not care for Wilson's play, having seen the Trinity Square and Boston productions. Now, after four viewings, I find something new and interesting in each character, meaningful in their interplay for personal peace. If you like to struggle with your inner thoughts and motivations on sex, social problems and love I suggest you see David B. Boyce's production at Gateway Playhouse (final performances August 10 and 11

THEATRE ONE ANNOUNCES CHILDREN'S WORKSHOPS

This Season Theatre One Productions will again be offering registration to all youngsters ages five through fifteen. This ongoing program enables children to perform in classic and contemporary plays under professional direction, while making invaluable friends from other communities and backgrounds.

The six 5-week sessions will begin September 12th at the Nemasket Grange Hall on North Main Street (Route 105) in Middleboro. The workshops will meet on Wednesdays from 4:30 to 6:30 p.m. and on Saturdays from 3 to 5 p.m. The children will be taught creative acting, mime, voice projection, characterization, and concentration.

Theatre One's workshops heighten the child's intellectual, social and creative talents. The program encourages reading, comprehension, confidence, imagination and communicative skills.

Each of these sessions ends with the children performing in a play which is open to the public. The productions are cast entirely from these classes. Parents interested in

Help in Choosing Computer

After having visited all the computer vendors and absorbed their sales pitches, are you left with a sense of frustration and bewilderment by all the claims and counter-claims? Perhaps you have already purchased a system, only to find that the vendor provides no follow-up service once the system leaves the store. Have you already purchased a system that is not being fully utilized or has actually been set aside and not used at all?

The above is an all too common story for many businesses trying to automate. They are attempting to save money and time through automating, only to find it's not working. A needs analysis was not done; the wrong software was purchased; the wrong hardware was purchased; the responsible personnel have not been able to make the system work and can get no help from the vendor.

Sunday, September 30th. Even though this is nearly two months previous to the race, the first 200 registrants will receive a nice running bag.

The course is a beautiful one, starting at the museum on Gulf Road (original site of Gulf Hill Restaurant), proceeding east, turning right on Smith Neck Road, runners will view the beautiful Padanaram Harbor; it will turn right on Rock-O-Dundee Road going up a gradual hill, right on Bakerville and right again on Gulf Road to the Museum.

There will be trophies and medals to the top three in each division and a raffle including gift certificates from restaurants and stores in Dartmouth.

There will also be a fun run with ribbons and prizes to all participants. There is no fee for the fun run.

The great added attraction is the fact that all runners and their families will be given free admission to the Museum. Along with cider, donuts, other refreshments and hopefully a beautiful, clear, crisp fall day, this should prove to be one of the better area races this fall, and remember it is for a good cause - to support the Museum.

Divisions will be as follows: Male and Female: junior, 12 and under; high school, 13-18; open, 19-29; submaster, 30-39; mas-
